MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Overview

Times Guaranty Limited ("TGL") is registered with the Reserve Bank of India ("RBI") as a Non-Deposit Accepting Non-Banking Financial Company and is engaged in the business of providing financial services.

Industry Overview

NBFCs aspire to emerge as a one-stop shop for all financial services. The sector has witnessed moderate consolidation activities in recent years, a trend expected to continue in the near future. This year, the incumbent Government pushed ahead with its reform agenda, backed by key wins in the state elections. The outcome

of the state elections pushed the equity markets to an all time high in March 2017 and the Rupee witnessed considerable relative strengthening in the current fiscal. The top four reforms during the current fiscal were Demonetisation, Goods and Services Tax, enactment of Insolvency and Bankruptcy Code 2016 and operationalisation of the Monetary Policy Committee.

On the fiscal front, our country's position has improved, helped mainly by controlled spending and higher GDP to Tax ratio. The low crude prices and consequently lower subsidies and higher cesses played an important part in the fiscal strength demonstrated by the Government.

The asset quality and growth of the financial services sector saw significant deterioration in the current financial year. The Non Performing Assets ("NPA") of the Banking sector touched approximately 9.2% by September 2016. Overall credit growth declined to single digits, with a divergence observed between the public sector and private sector in terms of credit growth. The lack of credit growth can be attributed partially to lack of capital expenditure by industry, but more so to a shift in well rated corporate borrowing through Commercial Papers and Non-Convertible Debentures. Non Banking Financial Companies ("NBFC"), other than Rural facing NBFCs, recorded healthy growth in their asset books and continued to demonstrate that they play a vital role in the credit system of our economy. While the aggregate balance sheet of the NBFC sector expanded by 14.5 per cent during 2016-17, their net profit was down by 2.9 per cent.

During the year under review, your Company has earned a profit of Rs. 405.75 Lacs as against loss of Rs.24.85 lacs for the previous year.

Risks and Concerns

Any adverse change in the business or negative policy of Government will affect the NBFC sector adversely.

Opportunities

The success of NBFCs can be clearly attributed to their better product lines, lower cost, wider and effective reach, strong risk management capabilities to check and control bad debts, and better understanding of their customer segments.

Annexure B to the Independent Auditor's Report of Even Date on The Financial Statements of Times Guaranty Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Times Guaranty Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the

internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and disposition of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Investments that are intended to be held for one year or more as on the date of Balance Sheet are classified as non current investments and investments that are intended to be held for less than one year as on the date of Balance Sheet are classified as current investments.

Non current investments are valued at cost. Provision for diminution in value of non current investments is made if in the opinion of management such a decline is other than temporary.

Current investments are valued at cost or market/fair value, whichever is lower.

Net asset value of units declared by mutual funds is considered as market value.

5. Inventories

Inventories are valued at cost or Net Realisable Value whichever is lower.

6. Fixed Assets

Tangible assets are stated at acquisition cost less accumulated depreciation and impairment losses, if any. Acquisition cost comprises of purchase price and directly attributable cost of bringing the asset to its working condition for its intended use.

Profit or loss on disposal of the assets is determined as the difference between the carrying amount of the assets at the time of the disposal and the proceeds, and is accounted for in the year of disposal.

7. Depreciation

Depreciation is provided on Written Down Value Method on all assets except for Immovable Property which is treated as investment. Depreciation is provided based on useful life of the assets as prescribed in Schedule II of the Companies Act, 2013. The Company provides pro-rata depreciation from the date on which asset is acquired / put to use. SIGNIFICANT ACCOUNTING POLICIES

9. Borrowing Cost

Borrowing cost attributable to the acquisition and construction of qualifying assets are capitalized as part of the cost of respective assets up to the date when such asset is ready for its intended use. Other borrowing cost is charged to revenue.

10. Taxation

Income-tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law), deferred tax charge or credit (reflecting the tax effect of timing differences between accounting income and taxable income for the period).

Current Tax: :

Provision for current tax is made on the basis of estimated taxable income for the accounting year in accordance with the Income Tax Act, 1961.

Deferred Tax

The deferred tax charge or credit and the corresponding deferred tax liabilities and assets are recognized using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is reasonable certainty that the asset can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of the assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonable/virtually certain (as the case may be) to be realized.

11. Retirement Benefit

A. Short term employee benefit is recognized as an expense at undiscounted amount in the Profit & Loss Account of the year in which the relevant services is rendered.

B. Retirement Benefit

Provident Fund:

Company's contribution paid/payable for the year on account of Provident Fund and Family Pension Fund are charged to Profit and Loss Account.

Gratuity:

Gratuity is post employment benefit and is in the nature of Defined Benefit Plan. The Liability recognized in the balance sheet in respect of gratuity is the present value of defined benefit obligation at the balance sheet date together with the adjustments for unrecognized actuarial gain or losses and the past service costs. The defined benefit obligation is calculated at or near the balance sheet date by an independent actuary using the projected unit credit method.

Superannuation:

During the year, the Company has not contributed to the Employees Superannuation Fund as per the LIC Scheme due to excess contribution in earlier years.

Leave Encashment:

As per company's leave encashment policy employee may encash all unavailed leaves at the end of the financial year accrued to him/her and it is not carried forward.

12. Provisions, Contingent Liabilities and Contingent Assets

The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that the outflow of resources would be required to settle the obligation, the provision is reversed.

Contingent assets are not recognized in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an economic benefit will arise, the asset and related income are recognized in the period in which the change occurs.
